

Amazing 400 Watts!

POINT & SHOOT

Photon-UV™ - *Rapid* Point & Shoot Handheld Surface Sanitizer

Our new portable **Photon-UV™** rapid spotlight sanitizer is our most unique, practical and effective “spot” sanitizer that is capable of disinfecting both large and small areas as well as numerous other equipment and surfaces in a *flash*.

The **Photon-UV™** can be used as a quick stand-alone solution or in combination with other cleaning methods to further reduce cross transmission of infectious microorganisms. Due to the ultra-high wattage and extreme concentration of UV-C light this advanced “photon ray gun” is ideal for numerous applications.

- Portable UV light safely reduces HAI's and infection risk by killing viruses and bacteria in seconds without the need for chemicals. It also destroys mold.
- High intensity with wide beam spread enables 99% reduction of all bacteria and viruses in 5 seconds over a surface area of 20" x 20" at a distance of 20".
- Light weight, hour meter & fan cooled.

Optional accessories include:

- UVC Protective Facemask
- UVC Protective Gloves
- Photon-UV Carrying Case
- Barn Door Photon Flaps
