Cruiser-UV™

Best Ultra-Portable, Auto, Van, Home and Office UVC Sanitizer

Cruiser-UV™ is the smallest yet most powerful commercial grade UVC **room sanitizer** on the market to its size it is ideal for sanitizing cars, ambulances, bathrooms, lockers, garages, restroom stalls, kitchens, small offices, cabins, kennels, cages, store rooms, waiting rooms, examining rooms, showers, hotel rooms, play rooms, dressing rooms, basements, attics, closets, dental offices, laboratories, garbage areas, school buses, vans, trucks, RV trailers, campers and much more! **Cruiser-UV™** is light weight but packs a heavy germicidal punch killing bacteria, virus and mold.

Cruiser-UV™ is capable of safely disinfecting surfaces & air in a room using UVC energy in as little as 15 minutes. UVC has been long proven in independent laboratory testing to successfully disinfect surfaces and air. **Data reveals that only 50% of surfaces within a room are disinfected when cleaned manually. Unit is only 17" tall.**

Cruiser-UV™ is also fully remote controlled for added ease and safety. And it comes with everything, so it is ready to go to work immediately. Only \$395

MRSA-UV™
Mobile Room Sanitizing Agency
561-531-9398

Large 5' tripod is \$49 additional. It is essential if you want to disinfect rooms.
